DO I NEED A PERMIT IN THE TOWN OF DEWEY BEACH? -- Yes

All construction including remodeling, repairs, demolition, additions to any building, structure or parcel requires a permit. Interior and exterior projects require permits.

§71-3 Any person who may desire to erect, alter, repair, move, raze, or add to any building or other structure, including fences, bulkheads and retaining walls, within the Town, shall first apply to the Town for a building permit.

§101-12 It shall be unlawful for any person or entity to begin construction or other development which is wholly within, partially within, or in contact with any identified special flood hazard area, as established in § 101-4....

§71-7 A "Construction activities" are defined as any activity whatsoever relating to construction, including, but not limited to: site preparation, grading and excavation; construction of foundation; construction, fabrication, and placement of any structure upon or within the premises; painting, drywalling, roofing and application of any materials whatsoever to the structure being constructed or placed upon the premises, including installation of plumbing, electrical fixtures and wiring, heating, ventilation and air-conditioning equipment; and any activity whatsoever related to construction, installation, site preparation, landscaping, paving or improvement of the premises."

All Building Permits are 3% of the total cost of construction (materials & labor); minimum fee is \$50. When the project's total cost of construction is \$15,000 or more, a non-refundable Building Permit APPLICATION FEE is required & payable at the time the Permit Application is submitted.
